

PIPE CLEANING AND DESCALING

SCIM2800

7" - 40" (180-1000mm)

The SCIM2800 features 2 high pressure lances that rotate close to the pipe surface of 7" - 40" (180-1000mm) pipelines for intense cleaning and descaling with water pressures up to 40,000psi (2800bar).

SPECIFICATIONS

Scope of use:	7" - 40" diameter pipelines (180-1000mm)
RPM:	1000 - 4000
Max. pressure:	40,000psi (2800bar)
Max. Flow:	6.6 GPM (25ltr/min)

FEATURES

- + Max. pressure: 40,000psi (2800bar)
- + Adjustable skids
- + Adjustable RPM
- + Heavy-duty materials
