

Electric PRO High Pressure Unit

99 LPM @ 235 bar

The electric HDE235_99 high pressure unit is built on a skid with stainless steel pump head for large offshore cavitation cleaning operations. The high water volume of 99 LPM at 235 bar provides sufficient cleaning power for fast removal of thick marine growth with double CW450's, CW550 Pro retro gun, double SR600_2D's and triple underwater tools.

Specifications

Compatible with: 4x CW300's, triple CW350's, Double CW450, CW550, Double SR600_2D's, Triple Underwater Tools

Max. Pressure: 235 bar (3,410 psi)

Max. flow: 99 LPM (26.2 GPM)

Power: 45Kw, 400v, 50Hz

Weight: 850kg (1875lbs)

Dimensions: 220x120x120cm
(86.6x47.2x47.2")

Features

- Removes hard fouling, debris, corrosion and coatings
- Stainless steel pump head
- Heavy duty skid
- Stainless steel cover
- Big cartridge filter at pump inlet
- Motor thermal protection
- Hour counter
- Emergency stop
- Optional Atex certified
- Available in 60 Hz versions
